WEBISTA

We have included several concept ideas based on our knowledge of database and web design. In this event you will design a website using database according to event planner so don't miss this chance and meet some brilliants minds and peers –face to face!

Requirements:

- Each team should have atleast 1 laptop.
- In which you will work on database like as-oracle, mysql, sql-server and for web design choose the language according to your convenience .all these should be installed in your laptop
- You must bring your own stationaries. Other than blank papers nothing will be provided to you

Rules

- Event is divided into 3 rounds.
- In 1st round –written quiz (database and web design)
- Top 20 teams will qualify for the 2nd round- in second round you have to create the front end of web design and create database .
- From second round , the selected ones will enter the 3rd round- you have to complete your desigining part and then get it connected to the database.

Judging Criteria:

- 1st round, will be judged according to the time limit and according to score.
- 2nd & 3rd round, will be judged on the basis of attraction of web designing.

Certification Policy:

- Winner will be provided certificate of merit.
- 1st & 2nd runner ups will be awarded with certificate of participation.

Event Coordinators:

CO-ORDINATOR IN CHIEF:

Sakshi Sharma

HEAD CO-ORDINATORS:

- Shalabh Sharma   +91-8239430508
- Jahanvi gupta   +91-9784733352
- Karuna Dhaka   +91-9166904954
- Rishabh garg   +91-9783467969
- Dhruv jain   +91-9461186180
- Renu sharma   +91-9828237406

NOTE:- Timings will be disclosed later, you can contact to the coordinators.
